### **SCHOOL CONSULTING**

We offer a variety of consulting services to schools regarding students. These services include, but are not limited to, consulting at IEP meetings, school inclusion planning, school observations, and training of paraprofessionals within the school.

---

### **ASSESSMENTS**

A Master's level consultant will conduct assessments. Detailed information regarding assessments is available on our web site. A written report will be available within the following week of the child's assessment.

---

### **PARENT CONSULTING**

Parents often are not sure what to do with children who are having difficulty in some area of their life. Consultants for Children, Inc. provides support for parents in addressing these areas, whether academic; behavioral; relating to siblings and/or peers; or general development.

---

### **HOME PROGRAMS**

We help families create and implement in-home behavioral programs that cover techniques such as RDI, Floortime, TEACCH, Verbal Behavior and more. We value consistency and use a team approach with OT's, Speech Therapists, school professionals and other providers.

---

### **SOCIAL GROUPS and EXTENDED CLUBS**

Social skills groups are offered to help build socialization skills. We offer groups ranging in age, ability, needs and goals. Every child deserves to have enjoyable social experiences, and this is our goal. We also offer extended social clubs that correspond with school breaks.

## OUR MISSION

It is our mission is to support parents and schools for the purpose of effectively working with children diagnosed with autism and/or other developmental disabilities. We are focused on meeting each child's individual needs.

---

## PHILOSOPHY

Our philosophy is that children have the capability to function independently within their home and school environments. In order to ensure each child's independence an effective treatment plan must be established. Consultants for Children, Inc. consults with parents and schools to develop appropriate treatment plans that target the needs of each child. We are dedicated to developing effective treatment plans that promote the independence and academic success of each child. We believe that with effective help, each child can have a happy and fulfilling life.
