

3CE changes lives...

Since opening in fall 2013, 3CE has helped over a thousand individuals and families improve their lives.

3CE customers have found better jobs, strengthened communication skills, accessed public benefits, and purchased their first home.

3CE is *your* community center

Stop by or call today and let us know how can we help you!

3CE is different ...because you are unique

One size doesn't really fit all we all know that. Likewise, a single program won't work for everyone.

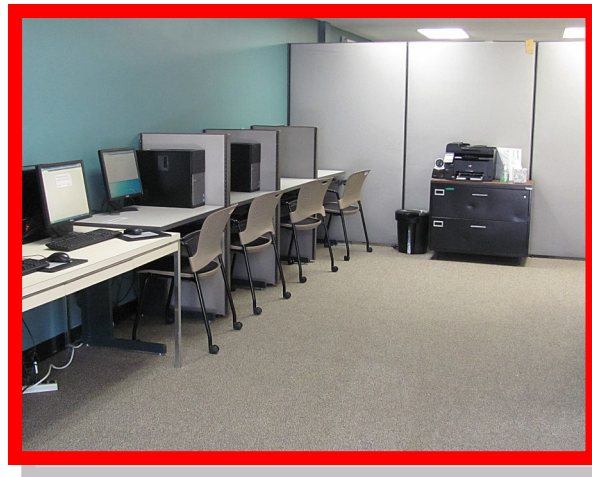

3CE, The Center for Career and Community Enrichment, offers many **one-on-one services and classes free of charge** - you are welcome to choose what options will benefit you.

3CE is made possible through the work of a collaborative group of partners that provide in-kind and additional support

OPEN COMPUTER LAB

- Job search
- Resume
- Cover letter
- Public benefits

CLASSES & WORKSHOPS

- GED classes
- Employment Readiness
